PRESENTATION ON THE USE OF IN-CAMERA SESSIONS BY THE COMMITTEE:

Municipal Clerk, Monica Hawkins, gave a presentation to the Committee regarding in-camera sessions and when they can be used. Ms. Hawkins will provide Mr. Kirton and Ms. Hanselman with a set of guidelines shall the Committee need to go in-camera in the future.

PUBLIC HEARINGS:

File No. LSRA-2019-02 Applicant: Adam & Caroline Wood – 1232 Hemlock Island

A public meeting was held on an application submitted by Adam & Caroline Wood for the intention to close up and purchase the lakeshore road allowance.

Since applications LSRA-2019-02 and LSRA-2019-03 (Andrew and Monika Gray) have the same intentions and are located on the same island, the Committee decided to discuss both applications together.

Public Comments

Agent for the applicants, Paul Goodridge, addressed the Committee on behalf of Adam and Caroline Wood and Andrew and Monika Gray. Mr. Goodridge stated that these applications were previously in front of the Committee and subsequently referred to Council. Council's resolution on the matter stated that shoreline road allowance purchases on islands within the municipality shall be treated the same as mainland shore road allowance purchases.

The Committee heard comments and concerns from Alison Burns, Dorothy Burn, and June Sangwin, of 52, 288, and 1558 Hemlock Island respectively. Concerns were voiced about the safety of children who would now have to travel the interior of the island to visit neighbours and friends, loss of the community feeling on the island, and not knowing whether future owners will allow residents to walk the shore line in front of their properties.

Mr. Kirton read to the Committee and public in attendance numerous correspondence received from residents regarding the applications.

Committee Chair, Mr. O'Rourke asked Councillor Loughheed if Council was aware of all the comments received from the public on these applications. Councillor Loughheed advised that, yes, Council was aware of the concerns. Mr. Kirton advised that Council receives the Minutes from committee meetings in their agenda packages.

Mr. Symons asked members of the public in attendance if there has been any movement on an Island Owners Association as discussed at the last meeting regarding these applications.

Residents in attendance advised that it is difficult to reach out to all owners on the island as the island is quite large and lots of people live far away. Mr. Kirton advised that municipal staff may be able to facilitate this request by sending a letter on behalf of island owners if someone from the island was willing to take the lead.

After a roundtable discussion by Committee members on the applications, the Committee passed the following resolutions:

Resolution No. 2019-03
