

Mayor Rick Champagne & Council  
Municipality of East Ferris  
25 Taillefer Road  
Corbeil, ON P0H 1K0

July 11, 2025

Your Worship & Council,

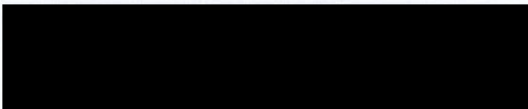

My name is John Delahunt and I've been a resident and taxpayer in East Ferris for the past 40 years.

I am writing to request a site meeting with you and/or other municipal officials along with the municipal engineer for roads to discuss and hopefully resolve the issues with a cross culvert on Nosbonsing Park Road between the civic addresses of 546 and 560 Nosbonsing Park Road which dumps onto my property.

I believe, around 2007, our road and the cross culvert at the location in question was repaired due to washouts and the cross culvert is higher on the inlet side and the old steel (galvanized) pipe is rusting and sinking on the outlet end causing an ongoing increase in water pressure at the outlet resulting in continuous erosion on my property at 546 Nosbonsing Park Road property. This was exacerbated during the recent storms especially the most recent one of June 2025. (Bonfield/Mattawa)

With global warming and climate change (according to environment Canada) I am hopeful this situation can be addressed sooner rather than later. With budget deliberations commencing for 2026 I am hoping for my concerns to replace the culvert will be budgeted for before it becomes a bigger problem on my property

I would like to discuss my concerns with you, in person, as soon as possible. Please contact me at your earliest convenience at:

Thank you for your consideration on this matter.

Respectfully submitted,

A handwritten signature in blue ink that reads "John M. Delahunt".

John Delahunt  
546 Nosbonsing Park Road  
Corbeil, ON P0H 1K0

cc Antione Boucher, Director of Public Works & Engineering
