Re: Fencing

To Whom It May Concern:

My spouse Luke Clouthier and I are writing this letter regarding fencing at our property located at 1185 Village Road, Astorville, ON. Recently, 10 trees have been cut down by our neighbours which separated our properties. That said, we are looking at installing a fence where the trees were located to provide privacy between properties. A Permit has already been approved for installation. Application #2025-030.

We are now looking to have approval of installing a fence higher than local bylaws allow. We are requesting to install a 10-foot fence that then drops down to 8 feet.

A request for Delegation Form has been attached with this letter.

We thank you for your time in reviewing our request.

Thank you,

Jessica Clouthier
